a personal note from

I am so excited and honored you're considering having me speak at one of your upcoming events.

My event production business has brought in over a million dollars since it's start in 2014 and throughout that time I've learned how to connect with an audience and how to give them what they want. Based on my own experience, I know that quality information and talented speakers are a top priority so that your audience walks away feeling like their time and money were well-spent.

Sadly, most event producers don't put enough time, money or effort into the content presented to their captive audience and grab that repeat sale for the next workshop.

That doesn't have to be the case for your event.

Over the past 6 years, I've been able to find my voice on stages across the world. Speaking allows me to work toward the mission and vision of my business, which is to help women get out of their own way and live the life they want right now.

Not when the kids go off to college.

Not when your partner gets a promotion.

Now.

I'd love the opportunity to come to your event to educate, entertain, and inspire your audience. I pride myself on delivering content that the audience can use to create sustainable change and will leave them wanting more.

Let me take care of feeding the audience. All you have to do is set the table.

EVERYTHING LTM

SPEAKER | **AUTHOR** | **PODCASTER** | **INFLUENCER** | **MOMTREPENEUR** | **TRUTH-TELLER**

Lindsay Teague Moreno is an international speaker, bestselling author, podcaster, and owner of multiple multi-million dollar producing businesses. In her perfect world, internet baby goat videos flow freely, mornings start at 10am, and the word playdate is stricken from the English language. Also, if it's not too much to ask for, dry shampoo is free, and the dishwasher loads itself.

In just two short years Lindsay built a seven-figure personal income, using only social media. She did this with three little girls at home and all the mom duties that come along with it. Raising businesses and babies at the same time is no easy feat, but anything is possible if you have enough coffee and support from your tribe.

Lindsay's speaking is straight-shooting, raw, and real. Much of her drive to succeed comes from tragic personal loss and the hard knocks experienced in life. No stranger to failure, Lindsay is not afraid to speak out about challenging topics. Her ability to be vulnerable while making people laugh is why so many females are drawn to her content. Lindsay doesn't beat around the bush when it comes to the hard stuff.

Her previous Amazon best-selling book, *Getting Noticed*, is a roadmap of how she grew several businesses online from scratch. Entrepreneur and CNBC featured Lindsay's sales business which is projected to bring in 350 million dollars this year and has grown to a team of over 525,000 members in 5 years using social media.

When Lindsay hits the stage, you'll get very real advice for starting, growing, and scaling businesses as well as relevant social media tactics you can implement today.

Get ready to knock your audience's socks off.
